Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1 Idea & Script Entry	Stage 2 AI Comic Generation	Stage 3 Review, Export & Share
Actions <i>What does the customer do?</i>	- Signs up and opens the app - Enters the story script - Picks characters and art style	- Clicks Generate Comic - Reviews panels and layout - Edits dialogue, regenerates	- Exports the comic (PDF/PNG) - Shares it in the gallery - Reads reader feedback
Touchpoint <i>What part of the service do they interact with?</i>	- Landing and sign-up page - Story prompt editor - Character and art-style picker	- Generate button and AI engine - Panel and speech-bubble editor - Live preview screen	- Export and download option - Public sharing gallery - Language settings
Customer Thought <i>What is the customer thinking?</i>	"Will it understand my story?" "Is this easy with no drawing skills?" "Is it worth trying?"	"Do the characters look the same?" "Are the bubbles placed well?" "I can fix this quickly."	"This looks professional." "Can readers in other languages enjoy it?" "I will make another comic."
Customer Feeling <i>What is the customer feeling?</i>	Hopeful, but anxious about having no drawing skills.	Curious and a little impatient while the AI works.	Delighted and proud of the finished comic.

Process Ownership <i>Who is in the lead on this?</i>	Comic creator (user)	Comic Craft AI team (AI generation engine)	Comic creator, using the Comic Craft AI export and sharing tools
Opportunities <i>How can we improve this stage?</i>	• Offer story templates and samples • Guided prompts for beginners • Free trial with a sample comic	• Keep characters consistent in all panels • Auto-place panels and bubbles • Quick previews with regenerate	• One-click export and sharing • Auto-translate the dialogue • Ratings and feedback for creators
